HEADLINE

Final-year B.Tech Computer Science student with experience in **software development across backend systems and mobile applications**. Skilled in **Java, Spring Boot, React, REST APIs, and Swift**, with strong foundations in **DSA, OOP, and scalable system design**.

SKILLS

- **Languages:** Java, JavaScript, Swift
- **Frontend & Mobile:** React, HTML, CSS, SwiftUI, UIKit
- **Backend & APIs:** Spring Boot, REST APIs, JSON, JWT Authentication
- **Databases & Cloud:** MySQL, PostgreSQL, MongoDB, Supabase, Railway, Render, Vercel
- **Tools:** Git, GitHub, Postman, VS Code, Xcode, JIRA
- **Core CS:** Data Structures, Algorithms, OOP, DBMS, OS, MVC, MVVM

PROJECTS

SpeakEasy – AI-Based Learning Platform

- Built an application processing real-world text using **OCR pipelines and structured data handling**.
- Integrated **Google Gemini API** for AI-based text processing (summarization, quiz generation).
- Managed local and remote data using **Core Data** and API-based services.
- Designed scalable architecture supporting offline-first and cloud-enhanced workflows.

TaskManage – Role-Based Task Management System

- Built a full-stack web application using **Spring Boot, Spring Security, and PostgreSQL**.
- Implemented **JWT-based authentication** and role-based access control.
- Designed REST APIs for project, team, and task management.
- Deployed application on **Railway** with production-ready configuration.

Anumodya – Spiritual Wellness App

- Developed a feature-rich application with **Supabase backend integration**.
- Implemented structured data models for mood tracking, goals, and user engagement.
- Built scalable modular architecture supporting multiple user workflows.

EXPERIENCE

iOS Developer Intern

Mar 2025 – Apr 2025

Infosys Limited, Mysore

- Developed modules with **Supabase API integration** ensuring efficient data handling and performance.
- Worked in **Agile Scrum teams**, managing tasks and tracking progress using **JIRA**.
- Contributed to feature development with focus on **modular architecture** and code maintainability.

EDUCATION
